

**RESOLUTION REQUESTING THAT THE NEW YORK STATE DEPARTMENT OF
TRANSPORTATION INCORPORATE COMPLETE STREETS CONCEPTS FOR PIN 8473.15 –
RESURFACING OF ROUTE 1 BETWEEN THE CITY OF NEW ROCHELLE AND THE CITY
OF RYE**

WHEREAS, the New York State Department of Transportation (NYSDOT) is planning to resurface Boston Post Road (Route 1) in the Village of Larchmont, Town of Mamaroneck, and Village of Mamaroneck in 2026, identified as PIN 8473.15 – Resurfacing of Route 1 Between the City of New Rochelle and the City of Rye; and

WHEREAS, as part of this program, the NYSDOT is seeking to implement a complete streets concept on Route 1, primarily in the Village of Larchmont between Beach Avenue and ending at Alden Road in the Town of Mamaroneck; and

WHEREAS, “complete streets” are streets designed and operated to enable safe use and support mobility for all users, including people of all ages and abilities, regardless of whether they are travelling as drivers, pedestrians, bicyclists, or public transportation riders; and

WHEREAS, the concept of complete streets encompasses many approaches to planning, designing, and operating roadways and rights of way with all users in mind to make the transportation network safer and more efficient; and

WHEREAS, although the section of Route 1 identified above is characterized by more of a downtown character with small retail shops, the entire corridor carries significant pedestrian traffic, and would likely be more utilized by cyclists if the roadways were designed to accommodate that type of traffic; and

WHEREAS, considering that Route 1 is proximal to Chatsworth Avenue School, commercial shopping centers on Boston Post Road, and nearby recreation and retail centers in the Village of Larchmont and serves as a route for Village of Larchmont residents who attend Hommocks Middle School, the repaving of Boston Post Road presents a generational opportunity to possibly improve this vital corridor.

NOW, THEREFORE BE IT RESOLVED, that the Village of Larchmont Board of Trustees requests that the New York State Department of Transportation incorporate the design of complete streets concepts for the entirety of the Route 1 corridor to enhance vehicular, bicycle, and pedestrian safety for those residing, visiting, and traversing the Village of Larchmont and neighboring communities; and

BE IT FURTHER RESOLVED, that the Village of Larchmont forward a copy of this resolution to the Village’s State elected officials, State Assemblyman Steve Otis and State Senator Shelly Mayer, for their information and entreat them for any assistance they can provide in effectuating this request.
